MEMORANDUM FOR: DD/S&T Personnel Officer

ATTENTION :

SUBJECT : Life Sciences/ORD Recruitment Requirements

1. A detailed review of Life Sciences/ORD personnel recruitment requirements was held today in this Office. As a result of this meeting, DAD/IS/ORD desires that the following information be relayed to the Office of Personnel.

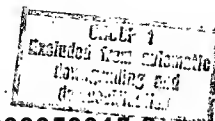

a. Due to recent and pending entrance on duty of professional personnel, the list of priority recruitment requirements for Life Sciences/ORD can be narrowed to the following four discipline areas:

- (1) Inorganic Chemistry/Microbiology
- (2) Experimental Psychologist (Human Factors)
- (3) Bioengineer
- (4) Biophysicist

b. It is estimated that the entrance on duty of professional personnel during the next 3 to 4 months will satisfy our requirements in the following scientific disciplines:

- (1) Genetics
- (2) Physiology (General)
- (3) Medical-Clinical Research
- (4) Psychophysiology

SUBJECT: Life Sciences/ORD Recruitment Requirements

We would quickly add, however, that since some of these EODs are tentative, we do not want our recruitment requirements listed out against these areas. We will notify Office of Personnel when each of these discipline requirements has been satisfied by the entrance on duty of professional personnel.

2. With the exception of those disciplines listed in "a" and "b" above, all other Life Sciences/ORD professional personnel recruitment requirements may be cancelled.
